A hand in a dark suit jacket is pointing towards the right. The background is a blue world map. A white, semi-transparent map of the world is overlaid on the hand, with the hand's fingers appearing to hold or interact with it. There are also some faint white lines and arrows overlaid on the map, suggesting a process or flow.

**IMPACTING
BUSINESS
PERFORMANCE**

Sourcing, Screening and Selecting

Eve Anderson Recruitment is Trinidad and Tobago's leading provider in recruitment.

Companies are looking to Trinidad and Tobago as the central hub for talent in Latin America and the Caribbean. We partner with companies **locally, regionally and internationally** to source the right people for their business.

Through careful selection and screening, we provide **permanent, temporary and contract** recruitment services at **all** levels.

Our verification and screening process can include:

- Credit and Background Investigative Checks
- Academic and professional Verification
- Executive Medical
- Psychometric assessment
- Work permit checks
- Application Testing

Our services span across sectors including:

- Banking & Financial
- Construction
- Energy
- Government
- Health, Safety and Environment
- Insurance
- Legal
- Manufacturing & Retail Distribution
- Advertising, Marketing and PR

Top talent is the most important source of competitive advantage

Psychometric assessments measure job-related traits of applicants to help predict or enhance performance in your business

- Provides a full picture of candidate's abilities, and behaviors
- Reveals character traits you would not learn from an interview
- Gives insight into candidate's innate strengths and limitations

Coaching

Psychometric assessments in coaching can be the most powerful take-away for people who have never had coaching before.

- Align talent with business needs to support succession planning
- Better understand employee's learning and working style

Easy 1-2-3 step approach:

1. Take our psychometric assessment online
2. Schedule a one-to-one discussion on the results
3. Arrange a coaching session to learn from the results
